# ADVENTURES IN LEADERSHIP CAMP

WHERE BOYS CAN BE BOYS...AND LEADERS ARE DEVELOPED

**S**ummer camp can be an exciting time for a boy. Parents should select a camp for their son very carefully—summer camp may have a great influence on him, even more than school, sports or any other activity outside his home. Camp possesses a boy completely. He eats, sleeps, works, and plays there 24 hours a day. He will spend more hours in camp than at any other activity he might participate in at home. At Lyman Ward Adventures In Leadership Camp we offer sports and teamwork, but our camp is much more than that. We stress the growth of the individual boy.

Team competition is good, but not to the extent a boy is under the pressure of a continual competitive spirit. It is through varied individual participation that a child learns to compete with himself. Adventures In Leadership Camp is primarily concerned with what a boy becomes rather than a skill he may acquire. Through leadership and military discipline we motivate a boy to become a better person.

No camp, regardless of its facilities, can be any better than its leadership. We carefully select our staff from adults and young men associated with our Academy. Our staff is carefully trained to give guidance to your son in these formative years. Our campers love Adventures In Leadership Camp, and return year after year. In addition, many become outstanding leaders in school at Lyman Ward Military Academy.

Our goal is to instill in our campers:

- Appreciation of nature and the great out-of-doors;
- Respect for our country and good citizenship;
- ª Satisfaction in improving skills and meeting personal goals;
- ª Enjoyment of the adventure of exploring new woodlands, trails, and rivers;
- ª Fun in seeing new places and making new friends.

We are certain your son will return home happy, healthy, and physically stronger. He will gain self-reliance and self-respect. He will learn to feel at home in the out-of-doors, and to accept others who are different from himself. He will gain a respect for the dignity of work and satisfaction of a job well done. He will take pride in good health and physical fitness. But, most important to him, he will enjoy the great fun and adventure of summer camp activities with friends his own age.

Good food is an important part of life at Lyman Ward Adventures In Leadership Camp. Happy campers will agree that our dining hall serves a wide variety of good, healthy meals with plenty of seconds if needed.

Planned activities enrich daily life at Adventures In Leadership Camp and help to teach our campers the necessary skills and attitudes to succeed in life. Boys at Adventures In Leadership Camp enjoy marksmanship activities as they learn to properly handle a .22 rifle. Expert instruction, following all safety requirements, is conducted by our ROTC department. Military formations are a part of camp life and build self-discipline, neatness, loyalty, respect for authority, and esprit de corps. Archery, a romantic and historic sport in our country, is taught and enjoyed by our campers through the Indian Lore program. Patriotism, American history, and love of country is stressed through flag ceremonies. Constructing outdoor projects foster team building at camp.

In addition to planned activities, there is plenty of free time at Adventures In Leadership Camp. The well-equipped game room is made available each day for campers to enjoy table tennis, pool, or video games. Here the boys learn comradery and vital social skills in a relaxed environment. Swimming is also a popular activity at Adventures In Leadership Camp. In addition to free swim periods, each camper is given the opportunity to improve his swimming ability through instruction. Red Cross safety standards are observed.

**R**afting down Alabama's rivers has a special appeal to the boys at Lyman Ward Adventures In Leadership Camp—a real life experience compared to boats on a track at a theme park. These trips promote teamwork, love and respect of nature, and build self-confidence. All trips are under the supervision of well-trained adult leaders.

Fishing is excellent in the lakes at Lyman Ward Academy and many campers enjoy the thrill of landing a fighting bass. Helpful instruction is given and fishing is encouraged on canoeing trips also.

Adventures In Leadership Camp will have a one-week trip each summer to a wilderness area and all camp sessions include a 2-3 day campout.

The ropes course challenges campers and helps build self-confidence and teamwork.
